I'll send an invite for Sunday evening. We have not been able to schedule with Cheyenne yet, we provided additional dates but haven't received a response.

Thanks!

D

Hi Darcy,

Wanted to follow up on John's email below – Sunday evening works best for us, if that still works for you; otherwise, Monday also works. Have we made any progress with respect to setting up a meeting with the Cheyenne River Sioux?

Thanks,  
Blake

Darcy,

Either day works for me though Sunday evening actually is best. Do you have any proposed times for the meeting with Cheyenne River Sioux. From you email it looks like they are not available during the times proposed. Is it possible to still meeting with them during those dates or will later dates be needed?

Thanks.

John

Hi Darcy,

Thanks for the update – a call either of those days works on my end.

John, what is best for you?

Thanks,  
Blake

So sorry gentlemen – your emails have been going to a clutter file, which I didn't realize until today! I'm out of town again next week, but can provide the following updates on consultation:

- <!--[if !supportLists]--><!--[endif]-->Next week we have consultation scheduled with the Oglala Sioux Tribe. Our Deputy Administrator will be meeting with the President on Thursday, 4/28.
- <!--[if !supportLists]--><!--[endif]-->The following week I am meeting with the Chairman of Standing Rock Sioux Tribe on Thursday, 5/5 for consultation.
- <!--[if !supportLists]--><!--[endif]-->This will leave Cheyenne River Sioux to schedule – we tried to get that meeting scheduled around Standing Rock, but the Chairman was unavailable.
- <!--[if !supportLists]--><!--[endif]-->The other tribes that we had our initial formal consultation with have not requested any further formal consultations until after permits are public noticed.

We should have a much better idea on timing for the permits after these two consultations. Would a call Monday May 9<sup>th</sup> at 5 pm work for you both? I could also do a call sometime on Sunday evening (5/8) if that works better for you Blake. Let me know.

Thanks!  
D
